Officials	

Total: Six linear feet.

Background and Historical Significance:

A bond is defined as 'an interest bearing certificate of public or private indebtedness.'¹

Chapter II Section 1 of the Dallas City Charter delineates the powers of the city. Item 8 of this section authorizes the city

to borrow money on the faith and credit of the city by the issue or sale of bonds, warrants or notes of the city²

The specifics on the types of bonds and related regulations are explained in Chapter 21 Sections 1 - 12:³

CHAPTER XXI. BORROWING MONEY

(Renumbered by Amend. of 6-12-73, Prop. 40 43)

SEC. 1. AUTHORITY TO BORROW

The city shall have the right and power, except as prohibited by law, to borrow money by whatever method the city council may deem to be in the

¹Webster's Dictionary

²Dallas City Charter

³*Ibid.*

public interest.

SEC. 2. GENERAL OBLIGATION BONDS (TAX SUPPORTED BONDS).

The city shall have the power to borrow money on the credit of the city and to issue general obligation bonds for making public improvements or for other public purposes not prohibited by the Constitution and laws of the State of Texas, and to issue refunding bonds to refund outstanding bonds of the city previously issued. All such bonds shall be issued in accordance with state law.

SEC. 3. LIMITATIONS ON BONDED
 INDEBTEDNESS PAYABLE
 FROM TAXES.

The maximum bonded indebtedness of the city outstanding at any one time, and payable from taxation, shall not exceed 10 percent of the total assessed valuation of property shown by the last assessment roll of the city.

SEC. 4. REVENUE BONDS.

The city shall have the power to borrow money for the purpose of constructing, purchasing, improving, extending or repairing of public utilities, recreational facilities, off-street parking facilities or any other self-liquidating municipal function not prohibited by the Constitution and laws of the State of Texas, and to issue revenue bonds to evidence the obligation created thereby. Such bonds shall be a charge upon and payable solely from the properties, or interest therein, pledged or the income therefrom, or both, and shall never be a debt to the city. All such bonds shall be issued in conformity with the laws of the State of Texas.

SEC. 5. REFUNDING OUTSTANDING BONDS.

The city shall have the right to refund any outstanding bonds by the issuance of new bonds in lieu thereof, at the same, higher or a lower rate of interest, and may apply thereto the sinking fund belonging to any series of bonds so refunded, and may pay and retire any bond by using the sinking fund thereof.

The city shall have the same right to refund any bonds assumed as a result of annexations.

SEC. 6. BONDS PREVIOUSLY AUTHORIZED.

All unissued bonds previously authorized by any election or by any provisions in a former city charter may be issued and are hereby validated.

SEC. 7. BONDS INCONTESTABLE.

All bonds of the city having been approved by the attorney general and registered by the comptroller of the public accounts shall be incontestable, except for forgery, fraud or exceeding the limited fixed by the Charter.

SEC. 8. EXECUTION OF BONDS.

All bonds shall be signed by the mayor and countersigned by the director of finance and shall have the seal of the city impressed thereon; provided, that the bond ordinance or ordinances may provide for the bonds and any attached interest coupon to be signed by facsimile signatures and for the seal of the city on the bonds to be a facsimile as provided by the laws of the State of Texas. Such bonds shall mature serially or otherwise not to exceed 40 years from their date. (Amend. Of 4-2-83, Prop. No 6.

SEC. 9. SINKING FUND FOR GENERAL OBLIGATION BONDS.

It shall be the duty of the city council each year to levy a tax sufficient to pay the interest and provide the necessary sinking fund required by law on all general obligation bonds outstanding, and if a deficiency appears at any time in such fund the council shall, for the next succeeding year, levy an additional tax sufficient to discharge such deficiency.

SEC. 10. BOND REGISTER.

The city council shall keep or cause to be kept for and on behalf of the city a complete bond registry and set of books, showing all bonds issued, the date and amount thereof, the rate of interest, maturity, type, etc., of all bonds or other indebtedness incurred under the provisions of the Charter, and all other transactions of the city council having reference to the refunding of the indebtedness of the city. When bonds or their coupons are paid, their payment or cancellation shall be noted in said registry, and the books so required shall be safely kept among the records of the city manager. (Amend. 6-12-73 Prop. No. 35)

SEC. 11. MISAPPLICATION OF BOND FUNDS.

Any officer of the city who shall willfully or knowingly divert or use any funds arising from the issuance of any bonds or any sinking fund for any other purpose except that for which the fund is created or are herein otherwise authorized, shall be deemed guilty of a misapplication of public funds and subject to prosecution as provided under the laws of the State of Texas for the diversion and conversion of funds belonging to any of the municipalities of the state.

SEC. 12. BIDDING; SALE.

When the sale of bonds is in response to a request for bids, the bids may be opened and the bonds sold on the same day, whether at a regular or special meeting of the city council.

The bond certificates in this collection have historical value for several reasons. First the bonds are the beginning of many city projects such as schools, libraries and street improvements and parks. Without the sale of bonds funding for these projects would not have been possible. Using this collection researchers can identify how much money was being raised and when. This collection is also a good representation of the mayors of Dallas and a few surrounding cities; their signatures, what types of projects and issues they were involved with during their terms in office. Thirdly, the bonds trace the non-tax receipt revenue of the city in what ways it was used.

Dallas Municipal Archives and Records Center (DMARC)
Record Group 32: Bonds
Municipal Bond Certificates (Collection 91-111)

Collection Range: 1874 - 1972

Collection Scope and Content Note:

The Bond certificates are arranged according to topics, such as general funds, waterworks, parks, libraries, sewers and streets. This guide was created using DBASE IV. The report form was designed based on the majority of the certificates. The items that differ from the main collection may have blank spaces or 0 in certain fields. A small series of bonds from other Dallas County towns is also included, therefore, all the mayor's listed are former mayor's of the City of Dallas. A series of indexes has been provided to enable researchers to find bonds relating to their research needs. The indexes are:

Mayors	An alphabetical listing of mayors
Auditors	An alphabetical listing of auditors
Other officials	An alphabetical listing of some of the other signatures
