

February 27, 2019

WHEREAS, the City recognizes the importance of its role in local economic development initiatives and programs; and

WHEREAS, the City has established Tax Increment Financing Reinvestment Zone Number Twenty-One ("University TIF District" or "District") and established a Board of Directors for the District pursuant to Ordinance No. 30733 authorized by the City Council on December 13, 2017, as authorized by the Tax Increment Financing Act, Chapter 311 of the Texas Tax Code, as amended; and

WHEREAS, the Tax Increment Financing Act specifies that the governing body of a city shall submit an annual report on the financial status of the district to the Chief Executive Officer of each taxing unit that levies taxes on real property in a reinvestment zone and a copy of the report shall be forwarded to the State Comptroller; and

WHEREAS, a Board of Directors has not been appointed for the District; therefore, the report is being forwarded directly for City Council action (the Tax Increment Financing Act does not require Board approval of the annual report).

Now, Therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DALLAS:

SECTION 1. That the FY 2017-2018 Annual Report for Tax Increment Financing Reinvestment Zone Number Twenty-One (University TIF District), City of Dallas, Texas, as of September 30, 2018, a copy of which is attached hereto (**Exhibit A**), is hereby accepted.

SECTION 2. That the City Manager is hereby authorized to submit the FY 2017-2018 Annual Report for Tax Increment Financing Reinvestment Zone Number Twenty-One to the Chief Executive Officer of each taxing jurisdiction that levies taxes on real property in the District, and to the State Comptroller, as required by state law.

SECTION 3. That this resolution shall take effect immediately from and after its passage in accordance with the provisions of the Charter of the City of Dallas, and it is accordingly so resolved.

Mission Statement

The University Tax Increment Financing District (TIF District) represents an effort to establish a funding mechanism to stimulate private investment and development in Dallas' southern sector and provide public amenities including trail connections in northern Dallas while taking advantage of each area's strategic regional location adjacent to major universities and transportation corridors.

As allowed by Chapter 311 of the Texas Tax Code, the TIF District comprises two non-contiguous sub-districts — the University Center in northern Dallas adjacent to the University of Texas at Dallas and Texas A&M AgriLife Research and Extension Center and the University Hills Sub-District in southern Dallas adjacent to the University of North Texas at Dallas.

The TIF District will provide for public open space improvements including connections to universities and potential future rail transit in the northern sub-district while providing for a significant share of its increment to be transferred to the southern sub-district to catalyze new residential and commercial development in an area lacking basic infrastructure and facing an unproven real estate market.

TIF District Accomplishments

Dallas City Council established the University TIF District by Ordinance Number 30733 on December 13, 2017.

The University TIF District was initiated by petition, (i.e. driven by property owners). There is some common ownership in both sub-districts.

The University Center Sub-District is generally located east of Coit Road, west of Waterview Parkway, and south of the Dallas Area Rapid Transit (DART) rail line (future potential Cotton Belt Line of the DART Rail System). The University Hills Sub-District is generally located north of Interstate Highway 20 (Lyndon B. Johnson Freeway), west of Lancaster Road, and south of the DART rail line.

Based on a preliminary plan, the City's participation is 90% from 2018 through 2047. Dallas County's participation is anticipated to be 0% for the first two years and then 65% for 20 years (2020 through 2039) for the University Hills Sub-District only or until the District is terminated. Appointments to a University TIF District Board of Directors and the adoption of a final TIF Project Plan are pending.

Staff has had ongoing discussions with Centurion American Development Group (CADG) on plans for a multi-phased, mixed-use development in the University Hills Sub-District. New single-family development in the University Center Sub-District has begun as shown in the following table.

University TIF District Projects¹						
Projects Within TIF District Not Utilizing TIF Funding						
Project	Location	Calendar Year Complete	Status	Units/ SF	Approx. Value²	TIF Investment
University Place single-family homes	New subdivisions in University Center Sub-District	2017-2018	105 homes complete; 41 under const.	105 homes complete	\$19,003,048	\$0
Total				105 residential units Complete 41 units under construction	\$19,003,048	\$0
¹ All information updated as of September 30, 2018. ² Based upon improvement value of completed homes.						

Value and Increment Revenue Summary

The base value of the zone is the total appraised value of all taxable real property in the TIF District as determined by the Dallas Central Appraisal District and the Collin County Appraisal District in the 2017 certified roll. The TIF District's base value was \$49,774,442 (approximately \$44,523,105 in the University Center Sub-District and approximately \$5,251,337 in the University Hills Sub-District).

The District's assessed 2018 City taxable value was \$73,676,958 and varies for other taxing jurisdictions due to exemption levels. This represents an increase of \$23,902,516 or 48% over the base year (2017) value. The TIF District anticipates collecting approximately \$167,086 in City incremental tax revenue for tax year 2018.

Objectives, Programs, and Success Indicators

The final University TIF District Project Plan and Reinvestment Zone Financing Plan is not yet adopted. The following development goals and objectives for the TIF District were included in the preliminary Project Plan and Reinvestment Zone Financing Plan:

- Goal 1: To create additional taxable value attributed to new private investment in projects in the University TIF totaling approximately \$649 million in total dollars over the 30-year life of the Sub-District.
- Goal 2: To attract new private development in the University Center Sub-District totaling approximately 806 new residential units.

- Goal 3: To diversify retail, residential, and commercial uses in the District.
- Goal 4: To create an over 250-acre mixed-use development in the University Hills Sub-District.
- Goal 5: To encourage the development of properties in close proximity to mass transit and institutes of higher education.
- Goal 6: To create a model for exceptional development standards in terms of its complexity, scope, design, environmental sensitivity, and connectivity
- Goal 7: To generate approximately \$75.9 million (NPV) in TIF fund revenues over the 30-year life of the District.

The following specific objectives set the framework for the planned public improvements within the TIF District:

- Provide funding to build a street and circulation network in the District to enhance traffic flow, reduce congestion, provide greater accessibility, and disaggregate the existing super-blocks into a more pedestrian-scaled environment that can develop incrementally.
- Improve existing and construct new infrastructure (on-site and off-site) for the District, including roadways, storm water drainage, water distribution/wastewater collection lines, burial of overhead utilities, and unified wayfinding to support redevelopment.
- Improve the pedestrian environment in the District through sidewalk, landscaping, lighting and other related streetscape features.
- To increase recreational opportunities and connections to trails and open space in the District.
- Encourage creation of new residential, retail, office, and mixed-use developments to complement the District.
- Blend traditional multi-family and single-family neighborhoods with commercial and retail areas. It will be designed with strict architectural guidelines to ensure quality and excellence while emphasizing aesthetics, human comfort and the creation of a sense of place.

Year-End Summary of Meetings and Council Items

On November 8, 2017, the City Council approved Resolution Number 17-1774 authorizing (1) a public hearing to be held on December 13, 2017, to receive comments to consider the designation of a Tax Increment Financing Reinvestment Zone for the University TIF District under the authority of the Tax Increment Financing Act; and, at the close of the hearing (2) consideration of an ordinance designating the University TIF District.

On December 13, 2017, the City Council held a public hearing and approved Ordinance Number 30733 authorizing the establishment of Tax Increment Financing Reinvestment Zone Number Twenty-One (University TIF District).

The City of Dallas and Dallas County are the only taxing jurisdictions anticipated to participate in this TIF District. Participation of Dallas County (potentially only in the University Hills Sub-District) will require the approval of the County Commissioners Court, and final terms of the County's contributions of tax increment will be set forth in an interlocal agreement between the City and the County.

Since the University TIF District Board of Directors was not appointed there were no meetings in fiscal year 2017-2018.

The Board can consist of up to nine (9) members, including six (6) City of Dallas appointees, one (1) appointee by the State Senators Office in whose district the University Hills Sub-District is located, one (1) appointee by the State Representatives Office in whose district the University Hills Sub-District is located and one (1) Dallas County appointee; however, the County's appointment of a Board member cannot occur until after the County's approval of an interlocal agreement with the City to participate in the TIF District.

Budget and Spending Status

Each TIF District establishes a budget for the public improvement expenditures necessary to support private investment in the district in the final Project Plan and Reinvestment Zone Financing Plan. The University TIF District was established in December 2017 and did not collect or allocate any revenue in FY 2017 - 2018. While a final Project Plan and Reinvestment Zone Financing Plan has not yet been adopted, preliminary estimates for TIF public improvements total \$164.8 million (\$75.9 million net present value). The preliminary budget for the TIF District is below:

FY 2018 - 2019 Work Program

The FY 2018 - 2019 work program for the University TIF District includes:

- Consideration of any potential TIF District boundary amendments and adoption of the final Project Plan and Reinvestment Zone Financing Plan.
- Consideration/adoption of several policies for the TIF District, including By-Laws, Grant Program Guidelines, Mixed Income Housing Guidelines, Urban Design Guidelines, and an Increment Allocation Policy.
- Coordination and staff support for City-initiated public infrastructure projects in/near the TIF District, including bond-funded street improvements and wastewater improvements.
- Coordination efforts with Centurion American Development Group for one or more phases of a University Hills TIF project proposal.
- Coordination with Dallas County on TIF participation/interlocal agreement.

City of Dallas, Texas
University Tax Increment Financing District
Notes to Financial Statements for the Year Ended September 30, 2018

1. The measurement focus used for the TIF Zone fund is a flow of financial resources. The financial statements are prepared using the modified accrual basis of accounting. Under the modified accrual basis of accounting, tax increment revenues and interest are recognized as revenue when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the liability is incurred.
2. State statute requires that each taxing jurisdiction remit its ad valorem taxes to the Zone by May 1 of each year (remittance to occur no more than 90 days after taxes for the jurisdiction become delinquent).
3. The TIF's cash balances are invested in the City's investment pool and include amounts in demand deposits as well as short-term investments. Pooled investments and short-term non-pooled investments are treated as cash equivalents. Investment income on the pooled investments is prorated monthly based upon the average daily cash balance in each fund.
4. The Zone's Financial Plan permits expenditures not to exceed \$7,816,302 over the life of the TIF to reimburse the City for administrative costs. Any future remittance for administrative expenses would come from excess cash as tax increment revenue increases as a result of increased assessed values.
5. All project costs resulting in capital improvements that are owned by the City are capitalized by the City.
6. Due to general fund" amount of \$23,465.70 at September 30, 2018 represents the TIF administration costs for the fiscal year 2018 that have been earned but will be reimbursed to the General Fund in future years based on the availability of TIF funds.
